

**CHAIR
NON-ALIGNED MOVEMENT
GENEVA CHAPTER**

STATEMENT

**delivered by Counsellor Vüqar Hacıyev
on behalf of the Non-Aligned Movement**

**at the Standing Committee of the Executive Committee of the High
Commissioner's Programme (77th meeting)**

Geneva, 11 March 2020

Mr. Chairman,

Now I would like to continue my statement, speaking on behalf of a number of countries that together form the Non-Aligned Movement.

I would like to inform the distinguished participants that at the XVIIIth Summit of the Non-Aligned Movement held in Baku on 25-26 October, the Heads of State and Government of the NAM Member States took a specific focus on refugee problems. As the world is witnessing the highest levels of displacement on record, the NAM Member States addressed a number of cases involving flow of refugees, particularly due to instability and crises in different parts of the world.

In Baku Final Document, the NAM Member States recalled with appreciation the New York Declaration for Refugees and Migrants, adopted in September 2016, by virtue of which the General Assembly decided to develop an intergovernmental process, which started in 2017, towards a a Global Compact on Refugees.

The Heads of State and Government also emphasized the need to respect international refugee law, as applicable, which is in line with the spirit of the New York Declaration for Refugees and Migrants.

Refugee problems that have enhanced nowadays both in scale and complexity, require the international community to attach more focused attention and sustain continuous efforts towards their solutions mainly in the countries of origin and as

appropriate, in the countries affected by refugee crises. Therefore, the NAM Member States attach particular significance to the UNHCR as a representation of political will of the international community to operationalize the principle of responsibility and burden-sharing.

Mr. Chairman,

In the presence of large-scale refugee movements and protracted refugee situations around the world, the NAM Member States are of the view that the measures to alleviate the sufferings of refugees must be accompanied by dedicated efforts of the international community, as a whole, to address the root causes of the problem with a view to expediting durable solutions.

The NAM Member States also underline the utmost importance of the promotion and protection of human rights of all refugees, and in this regard, call upon all UN Member States to avoid discriminatory measures against refugees, as to race, religion or country of origin.

The NAM Member States call upon all States to respect all human rights and fundamental freedoms while countering terrorism, and to reaffirm their commitment in this respect to prevent human rights violations, consistent with the rule of law and their obligations under international law, in particular international human rights law, international refugee law and international humanitarian law, and in accordance with the relevant General Assembly Resolutions.

The Non-Aligned Movement considers the UNHCR as a unique platform for sharing of good practices, and is looking forward to successful deliberations aimed at ensuring effective implementation of the Global Compact on Refugees. In this regard, the NAM Member States express their readiness to explore options for further development of cooperation with the UNHCR and other UN humanitarian agencies.

Thank you.
