the Republic of Azerbaijan
at the resumed session of the 73rd World Health Assembly

Geneva, 10 November 2020

Mr. Chairman,

I exercise the right of reply to the statement made by Armenia.

I think that the Armenian representative did not get acquainted with the text of the act of capitulation signed by the Prime Minister of Armenia yesterday.

The act of capitulation put an end to the 30-year occupation of Azerbaijani lands.

I recommend the Armenian representative to read the act of capitulation again.

I thank you.
